Planning intergenerational wealth transfer early can bring peace of mind

86%

think that it is important that the next generation protects and grows their wealth

## Importance of preparing current generation early for the responsibilities that come with managing and transferring wealth:

Most believe wealth transfer should begin at retirement but that's too late:

Need to bridge the gap when it comes to wealth transfer literacy:

- 50% do not have a wealth transfer plan.
- 55% do not have a formal will in place.
